+00 000 722 898

PROFILE

Full-stack engineer with 5 years of experience building scalable web applications using React, Node.js, and TypeScript. Skilled in designing REST APIs, developing responsive front-end interfaces, and collaborating with cross-functional teams to deliver reliable software solutions.

SKILLS

React · Node.js · TypeScript · JavaScript · Express.js · PostgreSQL · REST APIs · Git · Docker · Jest · GraphQL

WORK EXPERIENCE

Full-Stack Engineer — Naranja Digital Solutions

Valencia, Spain | 2022-Present

- # Develop and maintain full-stack features using React and Node.js
- # Design and implement REST APIs consumed by web and mobile clients
- # Collaborate with product and design teams to translate requirements into technical solutions
- # Write unit and integration tests to ensure code quality
- # Participate in code reviews and mentor junior developers

Technologies: React, Node.js, TypeScript, Express.js, PostgreSQL, Docker

Frontend Developer — Turia Software Labs

Valencia, Spain | 2020-2022

- # Built responsive UI components using React and Redux
- # Integrated third-party APIs and internal backend services
- # Optimized application performance and load times
- # Worked closely with UX designers to implement pixel-perfect interfaces

Technologies: React, JavaScript, Redux, CSS, REST APIs

Junior Web Developer — Albufera Tech Studio

Valencia, Spain | 2019-2020

- # Assisted in developing internal tools using Node.js and Express
- # Fixed bugs and implemented small features under senior developer guidance
- # Wrote basic automated tests for backend endpoints

Technologies: Node.js, JavaScript, Express.js, MongoDB

EDUCATION

Bachelor's Degree in Computer Science

Universitat Politècnica de Catalunya (UPC) — 2019
