

# Ananya Rao

Data Scientist | Machine Learning & Predictive Analytics

Bengaluru, India  
c014.208@example.test  
+00 000 450 686

## PROFILE

Data Scientist with 4 years of experience building machine learning models and data pipelines for e-commerce and fintech applications. Skilled in Python-based analytics, statistical modeling, and translating business problems into data-driven solutions. Experienced in end-to-end model development, from data wrangling to deployment.

## SKILLS

Python · Machine Learning · Pandas · Scikit-learn · SQL · Data Visualization · Feature Engineering · NumPy · Tableau · A/B Testing

## WORK EXPERIENCE

### Data Scientist — Vantage Analytics Solutions

Bengaluru, India | 2022-Present

- # Develop and deploy machine learning models for customer churn prediction and demand forecasting
- # Collaborate with product teams to define data requirements and success metrics
- # Build automated data pipelines using Python and SQL for reporting and analytics
- # Conduct A/B tests to evaluate model performance and business impact
- # Present findings and recommendations to cross-functional stakeholders

**Technologies:** Python, Pandas, Scikit-learn, SQL, Airflow, Tableau

### Junior Data Analyst — Northbridge Fintech Labs

Bengaluru, India | 2021-2022

- # Cleaned and preprocessed transactional datasets for fraud detection models
- # Assisted senior data scientists in building classification models using scikit-learn
- # Created dashboards to track key business metrics using Tableau
- # Performed exploratory data analysis to identify trends in customer behavior

**Technologies:** Python, Pandas, NumPy, SQL, Tableau

## EDUCATION

### Bachelor of Technology in Computer Science and Engineering

Indian Institute of Technology (IIT) Bombay — 2021
