

Marcus Chen

Senior AI/ML Engineer

Austin, United States
c013.364@example.test
+00 000 413 718

PROFILE

Senior AI/ML Engineer with 8 years of experience building and deploying machine learning systems, specializing in deep learning architectures and LLM-powered applications. Proven track record of leading model development from research to production, with expertise in PyTorch-based training pipelines and LangChain-driven generative AI solutions.

SKILLS

Python · PyTorch · LangChain · TensorFlow · Docker · Kubernetes · AWS · MLflow · SQL · Hugging Face Transformers · Vector Databases

WORK EXPERIENCE

Senior AI/ML Engineer — Nexlify AI

Austin, United States | 2021-Present

- # Lead development of retrieval-augmented generation systems using LangChain and vector databases
- # Design and train custom transformer models for NLP tasks using PyTorch
- # Mentor junior engineers on ML best practices and model deployment strategies
- # Collaborate with product teams to translate business requirements into ML solutions
- # Optimize inference pipelines to reduce latency for production LLM applications

Technologies: Python, PyTorch, LangChain, Docker, AWS, Hugging Face

Machine Learning Engineer — Cognivance Labs

Austin, United States | 2018-2021

- # Built and maintained computer vision models for automated quality inspection systems
- # Developed data preprocessing pipelines for large-scale image datasets
- # Implemented model monitoring and retraining workflows using MLflow
- # Collaborated with data engineering team to improve feature store infrastructure

Technologies: Python, PyTorch, TensorFlow, MLflow, SQL, Kubernetes

Data Scientist — DataForge Solutions

Austin, United States | 2016-2018

- # Developed predictive models for customer churn and demand forecasting
- # Performed exploratory data analysis and feature engineering on structured datasets
- # Built dashboards and reports to communicate model insights to stakeholders

Technologies: Python, Scikit-learn, SQL, Pandas

EDUCATION

Master of Science in Computer Science - Machine Learning Specialization

University of Texas at Austin — 2016

LANGUAGES

English - Native · Mandarin - C1
