

Sebastian Hoffmann

Lead AI/ML Engineer

Munich, Germany
c027.160@example.test
+00 000 194 664

PROFILE

Lead AI/ML Engineer with 10 years of experience designing and deploying machine learning systems at scale. Specialized in building agentic AI workflows, robust MLOps pipelines, and cloud-native ML infrastructure on GCP. Proven track record leading cross-functional engineering teams and mentoring junior engineers while delivering production-grade AI solutions.

SKILLS

Python · LangGraph · MLOps · GCP · TensorFlow · Kubernetes · Docker · LLM Orchestration · CI/CD · Terraform · SQL

WORK EXPERIENCE

Lead AI/ML Engineer — Nordlicht Analytics GmbH

Munich, Germany | 2021-Present

- # Lead a team of 6 ML engineers building agentic AI applications for enterprise clients
- # Architect and maintain LangGraph-based multi-agent orchestration systems
- # Design MLOps pipelines for model training, versioning, and deployment on GCP
- # Establish best practices for CI/CD and monitoring of production ML services
- # Collaborate with product and stakeholders to define AI strategy and roadmaps

Technologies: Python, LangGraph, GCP, Vertex AI, Kubernetes, Docker, Terraform

Senior Machine Learning Engineer — Bavarian Data Systems AG

Munich, Germany | 2018-2021

- # Developed NLP and recommendation models for e-commerce clients
- # Built automated retraining and deployment pipelines using MLOps tooling
- # Migrated legacy ML infrastructure to GCP, reducing operational costs
- # Mentored junior engineers on model development and code quality

Technologies: Python, TensorFlow, GCP, Airflow, Docker

Machine Learning Engineer — Isar Cognitive Labs

Munich, Germany | 2015-2018

- # Implemented supervised learning models for fraud detection systems
- # Built data preprocessing and feature engineering pipelines
- # Collaborated with data scientists to productionize research prototypes
- # Maintained and optimized model serving infrastructure

Technologies: Python, Scikit-learn, SQL, Docker

EDUCATION

Master of Science in Computer Science, Machine Learning

Ludwig Maximilian University of Munich — 2015
