

Lukas Hoffmann

Lead Backend Engineer

Berlin, Germany
c006.304@example.test
+00 000 571 989

PROFILE

Lead Backend Engineer with 11 years of experience designing and scaling distributed systems in cloud-native environments. Proven track record leading engineering teams, architecting microservices, and driving Kubernetes and AWS adoption across organizations. Passionate about mentoring engineers and building resilient, high-throughput backend platforms.

SKILLS

Java · Kubernetes · AWS · Spring Boot · Microservices Architecture · PostgreSQL · Kafka · Docker · CI/CD · Terraform · System Design · Team Leadership

WORK EXPERIENCE

Lead Backend Engineer — Nordholm Digital

Berlin, Germany | 2020-Present

- # Lead a team of 8 backend engineers building microservices for a fintech payments platform
- # Define technical roadmap and architecture standards across backend teams
- # Drove migration from monolithic architecture to Kubernetes-based microservices on AWS
- # Established CI/CD pipelines reducing deployment time by half
- # Mentor mid-level and senior engineers through code reviews and design sessions

Technologies: Java, Spring Boot, Kubernetes, AWS, Kafka, Terraform

Senior Backend Engineer — Veltrix Systems

Berlin, Germany | 2017-2020

- # Designed and implemented RESTful APIs for a logistics tracking platform
- # Optimized PostgreSQL queries and database schema for high-volume transactions
- # Introduced containerization using Docker and orchestration with Kubernetes
- # Collaborated with DevOps to migrate infrastructure to AWS

Technologies: Java, PostgreSQL, Docker, Kubernetes, AWS

Backend Engineer — Baumfeld Technologies

Munich, Germany | 2014-2017

- # Developed backend services for an e-commerce order management system
- # Implemented messaging queues to handle asynchronous order processing
- # Participated in on-call rotation and incident resolution
- # Wrote unit and integration tests to improve code reliability

Technologies: Java, Spring, RabbitMQ, MySQL

Junior Software Developer — Kestrel Softwareworks

Munich, Germany | 2013-2014

Assisted in development of internal tooling for a mid-sized software team

Fixed bugs and implemented small features under senior developer guidance

Wrote documentation for internal APIs

Technologies: Java, MySQL

EDUCATION

Master of Science in Computer Science

Technical University of Munich — 2013

LANGUAGES

German - Native · English - C1
