

Ananya Rao

Data Scientist | Machine Learning & Predictive Analytics

Bengaluru, India
c014.779@example.test
+00 000 463 592

PROFILE

Data Scientist with 4 years of experience building machine learning models and data pipelines for e-commerce and fintech applications. Skilled in Python, statistical modeling, and translating business problems into data-driven solutions. Strong collaborator with cross-functional product and engineering teams.

SKILLS

Python · Machine Learning · Pandas · Scikit-learn · SQL · Data Visualization · Feature Engineering · NumPy · A/B Testing · Statistics

WORK EXPERIENCE

Data Scientist — Verdant Analytics

Bengaluru, India | 2022-Present

- # Develop and deploy ML models for customer churn prediction and demand forecasting
- # Collaborate with product teams to define data requirements and success metrics
- # Build automated ETL pipelines for ingesting transactional data
- # Present model performance insights to stakeholders using dashboards

Technologies: Python, Pandas, Scikit-learn, SQL, Airflow, Tableau

Junior Data Analyst — Kestrel Fintech Solutions

Bengaluru, India | 2021-2022

- # Analyzed transaction data to identify fraud patterns and anomalies
- # Built reporting dashboards for risk and compliance teams
- # Assisted in feature engineering for credit scoring models
- # Cleaned and preprocessed large datasets using Pandas and NumPy

Technologies: Python, Pandas, NumPy, SQL, Excel

Data Science Intern — Nimbus Data Labs

Mumbai, India | 2020-2021

- # Supported senior data scientists in exploratory data analysis
- # Built visualizations to communicate trends in customer behavior data
- # Assisted in cleaning and preparing datasets for model training

Technologies: Python, Pandas, Matplotlib, Jupyter

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Indian Institute of Technology (IIT) Bombay — 2021
