+00 000 965 778

PROFILE

Backend Engineer with 5 years of experience designing and maintaining scalable server-side applications. Skilled in building RESTful APIs, optimizing database performance, and collaborating with cross-functional teams to deliver reliable software solutions.

SKILLS

Node.js · Express · PostgreSQL · JavaScript · TypeScript · Docker · REST APIs · Git · Redis · AWS

WORK EXPERIENCE

Backend Engineer — Lumora Systems

Lagos, Nigeria | 2022-Present

- # Design and maintain RESTful APIs using Node.js and Express for internal and client-facing applications
- # Optimize PostgreSQL queries and indexes to improve response times for high-traffic endpoints
- # Collaborate with frontend and product teams to define API contracts and data models
- # Implement caching strategies using Redis to reduce database load
- # Mentor junior developers on backend best practices and code review standards

Technologies: Node.js, Express, PostgreSQL, Redis, Docker, AWS

Software Engineer — Baobab Digital Solutions

Lagos, Nigeria | 2020-2022

- # Developed backend services and microservices using Node.js and Express
- # Wrote and maintained database schemas and migrations in PostgreSQL
- # Integrated third-party payment and messaging APIs into core platform
- # Participated in agile sprint planning and code reviews

Technologies: Node.js, Express, PostgreSQL, JavaScript, Git

Junior Backend Developer — Nimbus Tech Hub

Lagos, Nigeria | 2019-2020

- # Assisted in building CRUD APIs using Node.js for internal tools
- # Wrote unit tests to improve code reliability and reduce production bugs
- # Supported senior engineers in debugging and deploying backend services

Technologies: Node.js, Express, MySQL, JavaScript

EDUCATION

Bachelor of Science in Computer Science

University of Lagos — 2019
